

Approved under RBI & IBA Mandatory Capacity Building Report

The Global Benchmark
in Credit Education

Program Overview

The Certified Credit Research Analyst (CCRA™) is a comprehensive global education program designed to give an expert level understanding of debt capital markets and bank loan markets to graduates and experienced professionals. It integrates the fundamentals of financial analysis, credit appraisal, rating methodologies, credit strategy and loan structuring. It offers the tools a candidate needs to occupy key positions in the world of finance, banking, treasuries, credit ratings and fixed income domain. CCRA™ certification is offered by Association of International Wealth Management of India (AIWMI).

Program Benefits

Regulatory Requirement: CCRA meets the certification requirement in areas identified by RBI and communicated by IBA vide their circular no CIR/HR&IR/KSC/2017-18/2602 dated 26th April 2017.

Job opportunities: There is no other globally recognized certification that prepares you better, for employment in the field of bank loans, credit analysis, rating, credit monitoring, securitization and strategy. CCRA will open up these opportunities for you.

Practical knowledge: CCRA will help you deploy the most comprehensive suite of research, data and tools to analyze and monitor credit analysis on loans, securities, companies and industries in the market along with new financing instruments.

One-on-one access to industry-leading analysts, briefings, webinars and teleconferences with global best practices.

Access to in-depth debt market reports that dissect the credit strengths and weaknesses of corporates, individuals and debt transactions.

Market savvy: Learn how to analyze accurate, timely and comprehensive sets of data on company financials, industries and deal performance metrics.

Global analytical models: Get insights into risk models, to analyze, screen and monitor individual loans, credits and portfolios.

Multiple perspectives from qualitative to quantitative and from market-based views to fundamental analysis, from bankers view to analyst view - on the credit quality of your loan portfolio.

Program Objective

The candidates pursuing the CCRA certification will learn a structured and systematic approach to evaluate the credit standing of a company and assess the relative attractiveness of the risk-return profile of the investing / lending proposition. The highly practical and comprehensive curriculum of CCRA assesses the candidates on various case studies and exercises that illustrate key learning points ensuring that the candidates apply the concepts acquired while studying to a real-life scenario and remain focused and concise in developing and articulating Lending decision. After the completion of the certification, a candidate would be able to:

- Perform credit appraisal with global best practises
- Generate better trade ideas & identify problem loans
- Build & maintain credit risk models
- Amplify your credit monitoring system
- Analyze debt and loan portfolio performances
- Streamline quantitative research for interest rates
- Enhanced Basel based internal rating
- Make lending and investment recommendations
- Design credit strategy and credit portfolios
